

The next generation of interactive travel counseling

What are Microsoft Surface and ISO with Touch?

- + Large, horizontal 360-degree multi touch user surface
- + A computer which reacts to natural hand moves and touches
- + Travel catalogs with reservation and CRM backend
- + Interactive maps, videos, pictures and more

- + Statistics & reports with our data warehouse solution
- + Hosting via ISO
- + Mobile Solutions – destination guides with itinerary planning and location based guidance

Why should you decide on ISO with Touch?

- + Multiple users can browse travel information and products simultaneously
- + The collaborative designing of itineraries becomes an experience for travellers
- + Content can be instantly shared and reservations confirmed
- + Business and credit cards can be read when placed on the surface
- + Exclusive distribution channel to support brand

Use ISO Surface with Touch with recommended modules:

- + Emerald (Customer Relationship Management)
- + Pacific Travel Portal (B2B, B2C, White Label)
- + Access to GDS (Sabre, Amadeus, ...)
